

**NET NAMING**

Internal practices are named for what they join

Unearth, *"this node at that IP join e.g. WSOA, URSP*

Reconnect, *"if endpoints of a earlier pair e.g. RRA176, M*

Reconnect, *comes together between Reconnects e.g. RW02, B1*

*all others are explicit design notes*

**MAGNETICS CONSTRUCTION**

Identify per disc/magnetics list (Dmr, gpr, YU, acceptance lines like Dmr)

DE 71.73, In C76500 per section, 4-6 E 235-50, Ar wt 5.8-N-A35, 18847 (unchanged), Len 45.0H wt 7%

DE 17.15, 50' stud, size 3-25-50 (stud, sh 3300-50) (30-50mm)

Initial Cr or rims + measured after bakings (Dmr COMPENSATE bakings speed), Cr or TMR, sections

[illegible]
